## Gypsy Jazz

Django Reinhardt was a pioneering virtuoso jazz guitarist and composer. Born into a family of Romani gypsies in France in 1910, Reinhardt invented an entirely new style of jazz guitar technique (sometimes called “hot” jazz guitar) that has since become a living musical tradition within French gypsy culture. Reinhardt co-founded the Quintette du Hot Club de France, described as one of the most original bands in the history of recorded jazz. The Texas Gypsies have adapted this style and incorporated this genre into their performances offering a jazz format that can only be described as Gypsy Jazz.

## Western Swing

Western swing is an amalgamation of cowboy, Dixieland jazz and blues with a swing beat. It was extremely popular and attracted huge crowds to dance halls and clubs in Texas, Oklahoma and California in the years before World War II and blossomed on the West Coast during the war. Bob Wills and Spade Cooley are some of the historic band leaders of the time. Western Swing and Gypsy Jazz are actually quite similar in their feel.

## New Orleans Jazz

With members from New Orleans (the birthplace of jazz) The Texas Gypsies love to feature the Bourbon Street Jazz clarinet and trumpet sound made popular by Big Band greats like Benny Goodman and Louie Armstrong!

## Brazilian Jazz

Antonio Carlos Jobim is widely considered one of the great composers of popular music of the twentieth century and his style of Brazilian Music internationalized the Bossa Nova. With the help of American artists he merged it with jazz in 1960s to standardize a new sound whose popular success was very remarkable. His single, “The Girl from Ipanema” won the Record of the Year in 1965 and is one of the most recorded songs of all time. The Texas Gypsies perform this genre with all of the known favorites included and can be added to the many styles in their repertoire.

## Rockabilly

Influenced by Western Swing, Boogie Woogie and R and B. Eddie Cochran, Bill Haley and 50s Elvis are all names associated with this swingin', rockin' music! The Texas Gypsies have accomplished what few bands have even tried, let alone succeeded in doing in the past. The group blends elements of traditional small group Swing, Gypsy Jazz and Western Swing into a tightly woven fabric of 21st Century sophistication and jumpin', thumpin' entertainment!!!
