William Florian
60,s & 70's Americana

William Florian is a gifted and professional musician who mesmerizes his audience with the music of the 60s.

William's career was almost a non-starter. His math teacher wanted to take William's guitar away from him until his grades improved. Fortunately, his mother did not agree and the rest is history. William and his sister formed a duo. While they were touring they met the famous New Christy Minstrels. He later sang with this iconic group. William's love for the music of the 60s shines through as he mesmerizes audiences with his amusing and heart-warming stories.

William weaves songs, stories and humor as he presents either of his two shows - **Those Were The Days** and **The John Denver Story**.

"Those were the Days" audiences will be treated to the songs of Peter Paul & Mary, John Denver, The Mamas and The Papas and other well-known groups of the Era. "The John Denver Story" will have the audience singing along with William as he performs Denver's most celebrated songs such as Take Me Home Country Roads, Sunshine on My Shoulders, Annie's Song, Leaving on a Jet Plane, and many more.

William Florian has a delightful personality and his stage presence is stellar.
