**Good Co** is the US's first live Electro Swing Band, a new genre that mixes the music of the swing era with the dance music of today.

With that "new-old" sound, Electro Swing combines the era of jitterbugging flappers and underground speakeasies with the funky beats and the electric sound of today's dance music.

It's quite common for such things as onstage dance parties, 20 foot-long conga lines, and crowd sing-alongs to spontaneously break out as **Good Co** brings the 1920s into the 2020s!

Since 2013 they have performed concerts, music festivals and outreach programs throughout the US, Canada, and Europe. You can hear their music on radio and on label compilations as well as licensed on independent film and advertisements.

As the US's first live Electro Swing Band, **Good Co** is proud to present this new genre to the States. Pounding dance beats are mixed with gypsy jazz guitar riffs, samples from the past turned on their head along with a live horn section blowing down the house. Just sit back, enjoy the music, and keep **Good Co!**
